A Network Wide Approach to Road Safety

18 May 2022 | 10:00 - 16:00

Book your place now >

A Network Wide Approach to Road Safety

The unmissable event for highways and transportation professionals interested in broadening their skillset, being inspired and informed, and finding solutions to the challenges they face.

This seminar is THE CPD event for you.

Why you cannot miss out

- » **Develop** your knowledge and actionable insight on industry trends such as safe systems, road to zero harm, the electric revolution, and more.
- » **Discover** best practice for current and future projects, while helping shape the future of the transportation industry.
- » **Engage** with leading experts and get your questions answered during a panel Q&A and network sessions for in person attendees.

Tickets are available for in-person or virtual attendance.

Networking Sessions

Dedicated networking sessions for those attending in person.

Workshops

In-person attendees of this event will be able to take part in interactive workshops and get their voices heard on this important topic.

Content Sessions

Content sessions will explore how road safety should be applied in a network-wide review of performance and scope for improvement.

Sessions taking place on the day

⌚ 10:00 – 10:30

Registration & Refreshments

⌚ 10:30 – 10:45

Opening Remarks

Chair: Deborah Sims FCIHT, President, Chartered Institution of Highways & Transportation

⌚ 10:45 – 11:15

Moving Towards a Safe Systems Approach

Speaker: Kate Carpenter FCIHT FSoRSA, Director of Operational Road Safety – People and Places Solutions, Jacobs

⌚ 11:15 – 11:45

Differences in Road Safety Across Britain

Speaker: Brian Lawton, Programme & Research Manager, Road Safety Foundation

⌚ 11:45 – 12:00

Networking Break

⌚ 12:00 – 12:30

National Highways' Chief Road Safety Adviser and The Road to Zero Harm

Speaker: Professor Nick Reed, Chief Road Safety Adviser, National Highways / Founder, Reed Mobility

⌚ 12:30 – 13:00

The Future of Road Safety in Scotland

Speaker: George Henry, National Operations Manager for Road Safety Policy & Education, Scottish Government – Transport Scotland

⌚ 13:00 – 13:30

Lunch Break

⌚ 13:30 – 14:00

The Electric Revolution – Implications for Road Safety

Speaker: David G Davies FCIHT, Executive Director, Parliamentary Advisory Council for Transport Safety

⌚ 14:00 – 14:30

Panel Discussion - How do we Deliver a Network - Wide Approach for Road Safety?

Chair: Deborah Sims FCIHT, President, Chartered Institution of Highways & Transportation

Panellist: Kate Carpenter FCIHT SoRSA, Director of Operational Road Safety – People and Places Solutions, Jacobs

Panellist: George Henry, National Operations Manager for Road Safety Policy & Education, Scottish Government – Transport Scotland

Panellist: Professor Nick Reed, Chief Road Safety Adviser, National Highways / Founder, Reed Mobility

Sessions taking place on the day

🕒 14:30 – 15:15

Workshops

(only available to in-person attendees)

Workshop 1: 20-minutes (Crompton Room's) How to deliver consistent road safety across all networks

Moderator: Kyle Fairbairn, Policy Advisor - Planning Transport, Chartered Institution of Highways & Transportation

Workshop 2: 15-minutes (Frobisher Room) How to ensure a safe and accessible system protecting vulnerable road users

Moderator: Shalini Kumar, Policy Advisor - Transport Infrastructure, Chartered Institution of Highways & Transportation

Workshop 3: 10-minutes (Blackwall Room) How to plan for the evolving

highway environment (EVs, CAVs, micro-mobility, active travel)

Moderator: Andrew Crudgington, Climate Change Associate, Chartered Institution of Highways & Transportation

🕒 15:30 – 15:45

Workshop Summary

Speaker: Shalini Kumar, Policy Advisor – Transport Infrastructure, Chartered Institution of Highways & Transportation

🕒 15:45 – 16:00

Closing Remarks

Chair: Deborah Sims FCIHT, President, Chartered Institution of Highways & Transportation
